1290 SUPER DUKE GT FEATURES

ENGINE

The KTM 1290 Super Duke GT's BEAST-driven LC8 V-twin powerplant perfectly fits its sovereign appearance. Now with a EURO5 rating, this 175 hp, 141 Nm lump is as much a superbike slayer as it is a coastal cruiser. A unique mix of the highest quality components, such as titanium inlet valves, have also combined to create overall reliability and allowing for service intervals of 15,000 km. That's a lot of touring.

DASHBOARD

An all-new full colour 7" TFT dashboard lifted from the KTM 1290 Super Adventure S take the KTM 1290 Super Duke GT's dash into a different realm. Featuring a slew of features, from turn-by-turn Plus navigation to a dedicated PERFORMANCE MODE, the display layout finds the ultimate balance between information, performance and style.

FUEL TANK

The 23 litre, long range fuel tank, in combination with the low fuel consumption of the 1290 V-twin engine, easily provides hundreds of kilometers of exciting riding without caring about a fuel station, an important benefit for touring in desolate regions. The fuel tank also protects the rider's lower body from wind and weather for added comfort mile after mile.

INTELLIGENT SUSPENSION

Innovative semi-active suspension serves comfort, safety and adjustability on the KTM 1290 SUPER DUKE GT. This allows the rider to easily adjust suspension settings at the push of a button, with advanced sensor wizardry taking care of the details. Other than the expected "Comfort", "Street" and "Sport" settings, the rider can also take extra passenger weight into account, with the SCU (Suspension Control Unit) adapting the damping, load and anti-dive rates in real-time. It also monitors rider po

INTEGRATED PANNIER MOUNTING

Hard case panniers are offered as KTM PowerParts can be easily fitted to the integrated mounting system of the motorcycle, while keeping the sporty look and unique style of the motorcycle. Remove the panniers in an instant, and instantly be badass.

RIDER AIDS

A slew of advanced electronics are fitted to the KTM 1290 SUPER DUKE GT, which enable the rider to explore the GT's full potential.
