ELIMINATOR SE FEATURES

Convenient USB Outlet

Convenient USB-C outlet is mounted on the right handle. The outlet features a waterproof design to help protect it from the elements.

Two-Pattern Seat Leather

The SE seat features a two-pattern seat leather and stitching along its top edge.

Twin-Shock Rear Suspension

In addition to contributing to ride comfort and natural handling, twin rear shocks are reminiscent of the style of Kawasaki's orthodox motorcycles.

Light, Natural Handling

Complementing the long and low style, chassis geometry was carefully selected to achieve light, natural handling. The Eliminator's easy handling character adds to rider confidence and contributes to stress-free riding.

Low Seat Height

At 735 mm, the Eliminator’s seat height is the lowest of Kawasaki’s 250-500cc on-road models, contributing to a reassuring reach to the ground. Accessory High and Low seats enable a wide range of riders to enjoy the Eliminator with confidence and comfort.

Stylish Headlight Cowl

The Headlight cowl is reminiscent of those found on earlier Eliminator SE models. A clever mounting method helps realise a compact, stylish design.

Eliminator Tail

While the LED taillight evokes the style of the original Eliminator, the tail design is original. Thin, with its slashcut lower line angling sharply upwards, it contributes to the active performance image.

ELIMINATOR SE FINANCE
