NINJA 500 FEATURES

Instrumentation with Smartphone Connectivity

Both the full LCD instrument panel on the standard models and the TFT display on the SE models offer smartphone connectivity, enabling riders to connect with their machines to enjoy display notifications, riding logs, and community features.

Superb Ride Comfort and Wind Protection

Seats with thick cushioning and low-rebound urethane contribute to superb ride comfort. The Ninja 500's large volume bodywork also offers great wind protection, further contributing to ride comfort

Latest-Design Ninja "Face"

The Ninja 500's "face" is based around two newly designed compact headlights. Below them two spoilers protrude forward and complete the striking look.

Assist & Slipper Clutch

Kawasaki's Assist & Slipper Clutch results in a light clutch pull for even more rider-friendly and manageable riding in everyday situations, and reduced skipping and hopping from the rear for better sport riding and added confidence.

Powerful, Rider-Friendly 451 cm3 Parallel-Twin Eng

The power available from the 451 cm3 engine is found through the entire rpm range to make it easy for riders to use, no matter what kind of riding they are doing, from low-end power for accelerating off the line in the city to top-end revs for riding on the highway. The engine in the new Ninja 500 is up the task, no matter what it may be.

Light, Predictable Handling

The chassis has a supersport-style short-wheelbase/long swingarm design, complemented by an optimised trail setting that delivers light, natural handling. The bike's light weight also contributes to the easy handling and facilitates manoeuvring when off the bike, such as when parking.

Confidence-Inspiring Reach to the Ground

While seat height is 785 mm, the slim design of both the seat and the rear of the engine gives riders an unobstructed line for their feet to reach the ground. The seat's flat shape offers ample padding in the front portion without sacrificing the comfortable reach to the ground, which helps riders enjoy the bike with confidence.

NINJA 500 FINANCE
