Z900 FEATURES

TFT Colour Instrumentation

The new all-digital TFT colour instrumentation gives the cockpit a high-tech, high-grade appearance. The new meter also offers additional features unavailable on the previous model.

All-LED Lighting

New LED headlamp, position lamps, licence plate lamp and turn signals† add to the Z900's sharper new styling.

Power Mode Selection

A choice of Full Power or Low Power modes allows riders to set power delivery to suit preference and conditions. Low Power mode limits output to approximately 55% of Full Power. (The reduced power, which varies according to engine speed (rpm) and throttle position, offers enhanced manageability.)

Engine management

Based on racing technology, the Assist & Slipper Clutch acts as both a back-torque limiter and a self-servo mechanism that enables a lighter clutch lever pull.
