# V-CRUISE 125C FEATURES

## INNOVATIVE DIGITAL INSTRUMENT DISPLAY

The central gauge intelligently displays multiple metrics within the same unit so you can enjoy the aesthetics as much as its ease of use.

## FULL LED LIGHTING

Road illumination is an all-LED affair, starting at the front with a multi-element headlight. The circular daytime-running light, the low beam, and the high beam are positioned on different levels to project a complex visual impact. The taillight and turn signals are also LED, in the form of classic minimalist bullet lights.

## V-TWIN ENGINE

At the heart of the cruiser is the coveted V-twin engine, 125cc. Liquid cooling, electronic fuel injection, and multiple valves push impressive power and torque figures into this modern engine. A 6-speed gearbox ensures the right gear even at higher cruising speeds, and the 2-into-1 exhaust ensures the right sound - always.

## POWERFUL DISC BRAKES

The large-diameter disc brake rotors inspire confident and responsive braking, measuring 300mm at the front and 240mm in the rear.

## REAR LAMP

Aesthetics shine bright on this model and its throwback rear light— be seen and stand out among the crowd.

## PREMIUM STITCHED DOUBLE SEAT

High-quality stitching and swooping shape ensure all-day comfort on long rides. The rear passenger perch means there’s plenty of room for a partner.

## DUAL REAR SHOCKS

High-performance dual rear shock absorbers soak up the bumps and pesky potholes as you ride.

## FUEL TANK

Moulded insert compliments the smooth custom shape of the Fuel Tank

## ADJUSTABLE REAR SHOCKS

Adjustable Twin Rear Shocks
