## Keeway TX 125 SM 2019

Amazing handling and maneuverability

**£2,099** <sup>+OTR</sup>  
from £41.44 p/m

A sporty heart beats at the centre of a machine that fuses the best from all realms of motorcycling. Supermoto street bikes are amazingly practical and fun motorcycles, blending the best characteristics of sport bikes with the upright seating position and comfort of a dual-sport machine. And Keeway's TX 125 Supermoto is a perfect example. Powered by Keeway's reliable and powerful 125cc SOHC four-stroke engine, the TX 125 Supermoto adds a dual-sport chassis, sticky street tires, modern, race-type suspension (including a monoshock and inverted fork), racing-spec disc brakes and tons of cornering clearance, all of which allow you to make the most of the TX's amazing handling and manoeuvrability. Add digital instrumentation, two-up capability, a handy luggage rack, lightweight cast-alloy wheels, electric starting, electronic ignition and tons of bang-for-the-buck value, you have a machine that'll have you grinning ear to ear inside your helmet all day long.
